

**WORLD LEADERSHIP ALLIANCE CLUB DE
MADRID**

**Independent audit report
on the abbreviated annual accounts
for the year ended December 31, 2021.**

This version of our report is a free translation of the original, which was prepared in Spanish. All possible care has been taken to ensure that the translation is an accurate representation of the original. However, in all matters of interpretation or information, views opinions, the original language version of our report takes precedence over this translation.

INDEPENDENT AUDITOR'S REPORT ON THE ABBREVIATED ANNUAL ACCOUNTS

To the members of WORLD LEADERSHIP ALLIANCE CLUB DE MADRID

Opinion

We have audited the abbreviated annual accounts of WORLD LEADERSHIP ALLIANCE CLUB DE MADRID (the Entity), which comprise the balance sheet as at December 31, 2021, the income statement and related notes, all abbreviated, for the year then ended.

In our opinion, the accompanying abbreviated annual accounts present fairly, in all material respects, the equity and financial position of the Entity as at December 31, 2021, as well as its financial performance for the year then ended, in accordance with the applicable financial reporting framework (as identified in Note 2 of the notes to the abbreviated annual accounts), and in particular, with the accounting principles and criteria included therein.

Basis for opinion

We conducted our audit in accordance with legislation governing the audit practice in Spain. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the abbreviated annual accounts section of our report.

We are independent of the Entity in accordance with the ethical requirements, including those relating to independence, that are relevant to our audit of the abbreviated annual accounts in Spain, in accordance with legislation governing the audit practice. In this regard, we have not rendered services other than those relating to the audit of the accounts, and situations or circumstances have not arisen that, in accordance with the provisions of the aforementioned legislation, have affected our necessary independence such that it has been compromised.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Significant matters of the audit

The significant matters of the audit are those that, in our professional judgment, were considered to be the most significant risks of material misstatement in our audit of the abbreviated annual accounts of the current period. These risks were addressed in the context of our audit of the abbreviated annual accounts as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these risks.

Allocation of grants and donations to the result of the year

Description The allocation of grants and donations to the result of the year is a significant matter subject to material misstatement, particularly at the end of the year, due to the impact of that said allocation on the result of the year.

Our answer We have documented our understanding and our review of the process of allocating the grants and the donations to the result of the year, as well as its internal control.

We have carried out, among others, certain procedures for analyzing the extracountable documentation of the entity, in which all the grants and donations are detailed, the period for which they are granted, their allocation to the income statement and the outstanding amount of charge at the end of the year.

Additionally, we have carried out certain substantive procedures such as circularization and an analysis of supporting documentation of a representative sample of grants and donations received to assess the adequacy of their assessment and classification.

Finally, we have verified that the attached abbreviated annual accounts include all the related information disclosures required by the applicable financial information framework.

Responsibility of the directors for the abbreviated annual accounts

The Entity's directors are responsible for the preparation of the accompanying abbreviated annual accounts, such that they fairly present the equity, financial position and financial performance of WORLD LEADERSHIP ALLIANCE CLUB DE MADRID, in accordance with the financial reporting framework applicable to the entity in Spain, and for such internal control as the directors determine is necessary to enable the preparation of abbreviated annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the abbreviated annual accounts, the Entity's directors are responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Entity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the abbreviated annual accounts

Our objectives are to obtain reasonable assurance about whether the abbreviated annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with legislation governing the audit practice in Spain will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these abbreviated annual accounts.

As part of an audit in accordance with legislation governing the audit practice in Spain, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the abbreviated annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Entity's directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the abbreviated annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the abbreviated annual accounts, including the disclosures, and whether the abbreviated annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Entity´s directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

From the significant risks communicated with the Entity´s directors, we determine those matters that were of most significance in the audit of the abbreviated annual accounts of the current period and are, therefore, considered to be the most significant risks.

We describe these risks in our auditor´s report unless law or regulation precludes public disclosure about the matter.
