## English Language Broadcast Norka Malberg: "We have an epidemic of loneliness" 12/11/2025

In today's broadcast we hear from former Canadian Prime Minister, **Kim Campbell**. She visited our country for a meeting of **El Club de Madrid**, the world's largest forum of democratic former presidents and prime ministers. We speak with her about the current state of democracy.

And speaking of democracy, this was also one of the themes discussed at the first edition of the **Congreso Futuro Iberoamericano**, held in Madrid.

Psychologist and professor at the Yale University, **Norka Malberg**, participated in a panel about Artificial Intelligence and Education and was kind enough to join us!

Also in today's broadcast, we look into the recognition of foreign degrees in Spain. A process which should take a few months, but which, sometimes, ends up taking years. **Rami Ahmadi** from the association Homologación Justa Ya tells us more.

And after that, we celebrate the 85th anniversary of the arrival of the **British Council** in Spain with head of Arts, **Cristina Ward**.
